

Financial Resources and Assistance of the Lakes Region, Inc.

WORKING WITH FINANCIAL RESOURCES ON PRIVATE MORTGAGES & BUSINESS NOTES

Financial Resources has developed a **fast and easy** way for cash flow professionals to work with Financial Resources when selling a note.

It's as easy as 123!

- 1) Simply fill out the mortgage note submission worksheet in detail and fax it to Jeff Long at (918) 307-2103.**
- 2) We will contact you and set up a conference call between all parties involved. In our experience there is a much higher close ratio when a conference call is made and all the key details have been discussed with the note holder at the beginning of the transaction.**
- 3) Financial Resources will collect all the paperwork and give you weekly updates on the status of the transaction.**

Only send a worksheet if you are dealing DIRECTLY with the note seller. DO NOT send us worksheets received from another broker.

You determine your commission!

*Consultant gets compensated upon successful note purchase within
48 hours of funding.*

**Please contact Jeff Long, Director of Commercial Operations
at (918) 307-2003 if you have any questions.**
